

# Help diabetes patients live well with the **NDSS card**

If you have a patient with any type of diabetes, help them register for the **free NDSS Card**.

The National Diabetes Services Scheme (NDSS) provides patients with access to free and discounted diabetes products and support to help them live well with diabetes.

The NDSS also has a range of materials to help health professionals support their patients with diabetes.

Ask your diabetes patients if they have, and are using, the NDSS Card.

Forms must be certified by a doctor or a diabetes educator. Visit [www.ndss.com.au](http://www.ndss.com.au) or call 1300 136 588.
